Who We Are

We are a community-based organization founded in 2021 with a mission to empower both rural and urban communities through practical, people-driven solutions. We work at the intersection of sustainable food systems, inclusive education, mental health support, environmental resilience, and economic empowerment—addressing the root causes of poverty and inequality while building pathways for long-term, community-led development

Mission

Empowering rural and urban communities through climate resilient agriculture, inclusive education, mental health support, and sustainable economic development.

Vision

Impact the continent through sustainable enterprises and an empowered workforce, contributing to inclusive economic growth, environmental resilience, and improved quality of life for all.

THE BIRTH OF ANGAZA IMPACT AFRICA

Angaza Impact Africa was founded in 2021 by a group of grassroots development leaders driven by the need for community-led, inclusive solutions to Kenya's most pressing socio-economic and environmental challenges. Registered as a women-led CBO, Angaza began its work in Kitui County, focusing on climate-resilient agriculture, clean energy, and youth and women empowerment.

Since its inception, Angaza has grown from a small initiative into a structured organization with a proven community-centered model—designed to scale lasting impact across Kenya and beyond.

Core Values

- Inclusivity: No one is left behind.
- Equity: Gender-sensitive, fair, and accessible programming.
- Integrity: Transparency, accountability, and trust.
- Community Ownership: Local voices at the center of our work.
- Sustainability: Long-term, climate-smart and people-driven solutions.

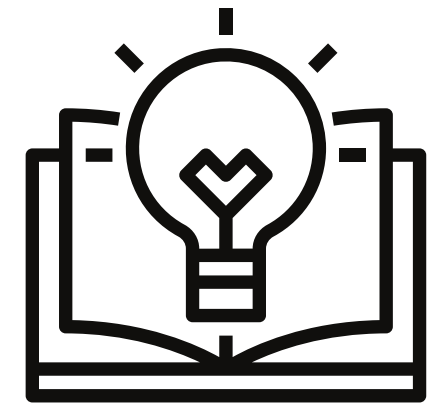

Key Focus Areas

Food Systems

Environment

Education

Mental Health

**Economic
Empowerment**

GEOGRAPHIC FOCUS

Angaza Impact Africa prioritizes operations in regions experiencing significant development challenges, particularly arid and semi-arid areas such as Kitui County—a region that is climate-vulnerable and historically underserved. These areas face compounded issues such as water scarcity, food insecurity, environmental degradation, and limited access to education, energy, and health services.

We maintain flexibility to extend our programs to additional counties in Eastern and Northern Kenya as community needs and partnership opportunities arise.

5 Years ANNIVERSARY

- Leadership development for women and girls

STRATEGIC PROGRAM AREAS

Climate Action and Environmental Sustainability

Goal: Build climate-smart communities and protect natural resources.

Key Focus Areas:

- Smart farming and agroecology
- Eco-briquette production and clean energy
- Environmental awareness campaigns

Mental Health and Community Well-being

Goal: Promote mental wellness and psychosocial support at community level.

Key Focus Areas:

- Awareness and stigma reduction
- Community-based mental health care
- Mental wellness programs for youth and women

Economic Empowerment and Poverty Reduction

Goal: Create inclusive economic opportunities and resilient livelihoods.

Key Focus Areas:

Women and youth entrepreneurship
Local value chain development
Business incubation and cooperative growth

OUR TEAM

Frida W. Mugo

Founder & Executive
Director (Social Welfare
specialist.)

Frida is a social worker and community strategy expert, and the Founder and Executive Director of Angaza Impact Africa. She brings extensive experience in participatory community development, advocacy, and grassroots organizing.

Her work is grounded in building inclusive systems that prioritize dignity, local ownership, and long-term sustainability. Frida has led numerous community-based initiatives and continues to play a key role in program design, team leadership, and strategic partnerships.

Faith Mutheu

Secretary General,
Livelihood & Food Security
Lead

Faith is a seasoned Livelihood and Food Security Specialist with extensive experience in designing and implementing sustainable community development programs.

Passionate about building resilient communities, she has led innovative initiatives that empower vulnerable populations to improve their food security, diversify income sources, and adapt to climate-related challenges. Her approach is rooted in community participation, ensuring local ownership and long-term impact.

Our Team

Gabriel Kitali
Clean Energy & Climate
Action Coordinator

Gabriel leads Angaza’s environmental sustainability initiatives, with expertise in renewable energy, eco-briquette fabrication, and clean cookstove distribution.

With a background in technical innovation and community energy solutions, Stanley has trained dozens of youth and artisans to design, produce, and scale clean energy solutions tailored to local contexts.

Brenda Aluoch
Communications &
Education Programs Lead

Brenda leads Angaza’s communications strategy and supports the design and delivery of inclusive education programs. With a background in development communication and youth education,

Sam bridges storytelling, digital engagement, and program design. He is passionate about using media and learning as tools for empowerment and visibility—ensuring that community voices remain central to Angaza’s impact.

Mercy Jimmy
Mental Health &
Community Wellbeing Lead

Mercy is a mental health advocate with a background in psychosocial support and trauma-informed care. She coordinates Angaza’s mental health initiatives, including support groups, community outreach, and youth mental wellness programs.

Her work focuses on breaking stigma and creating healing-centered community systems for mental wellbeing.

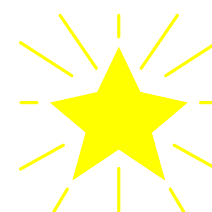

Naima Hussein
Women’s Empowerment &
Economic Inclusion Officer

Angaza’s gender inclusion and enterprise development work. She specializes in training and mentoring women and youth on business development, access to finance, and cooperative building.

Ruth works closely with community-based savings groups and women entrepreneurs to drive economic empowerment from the grassroots.

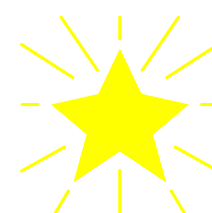

MILESTONES
