Angaza

Impact Africa

Creating Lasting Impact

Who We Are

We are a community-based organization founded in 2021 with a mission to empower both rural and urban communities through practical, people-driven solutions. We work at the intersection of sustainable food systems, inclusive education, mental health support, environmental resilience, and economic empowerment—addressing the root causes of poverty and inequality while building pathways for long-term, community-led development

AIA ANGAZA IMPACT AFRICA

Mission

Empowering rural and urban communities through climate resilient agriculture, inclusive education, mental health support, and sustainable economic development.

AIA ANGAZA IMPACT AFRICA

Vision

Impact the continent through sustainable enterprises and an empowered workforce, contributing to inclusive economic growth, environmental resilience, and improved quality of life for all.

IMPACT AFRICA

STRATEGIC PROGRAM AREAS

Gender Equality and Women's Empowerment

Goal: Strengthen women's leadership, participation, and economic resilience.

Key Focus Areas:

- Women-led enterprises and cooperatives
- Financial inclusion and VSLAs
- Leadership development for women and girls

Youth Empowerment and Decent Work

Goal: Equip youth with skills, income opportunities, and civic voice.

Key Focus Areas:

- Vocational and technical training (The Language School)
- Youth-led startups and innovation hubs
- Civic engagement and leadership forums

Strengthen Livelihoods & Food Security

Goal: To promote resilient, community-driven smart agricultural and food systems that enhance nutrition, income, and sustainability.

Key Focus Areas:

- Youth, women, and persons with disabilities.
- Income generated from community farming initiatives.
- The community at large.

STRATEGIC PROGRAM AREAS

Climate Action and Environmental Sustainability

Goal: Build climate-smart communities and protect natural resources.

Key Focus Areas:

- Smart farming and agroecology
- Eco-briquette production and clean energy
- Environmental awareness campaigns.
- Research and Market analysis.

Mental Health and Community Well-being

Goal: Promote mental wellness and psychosocial support at community level.

Key Focus Areas:

- Awareness and stigma reduction
- Community-based mental health care
- Mental wellness programs for youth and women

Economic Empowerment and Poverty Reduction

Goal: Create inclusive economic opportunities and resilient livelihoods.

Key Focus Areas:

Women and youth entrepreneurship
Local value chain development
Business incubation and cooperative growth

THE TEAM

Frida W. Mugo

Founder & Executive Director (Social Welfare specialist.)

Frida is a social worker and community strategy expert, and the Founder and Executive Director of Angaza Impact Africa. She brings extensive experience in participatory community development, advocacy, and grassroots organizing.

Her work is grounded in building inclusive systems that prioritize dignity, local ownership, and long-term sustainability. Frida has led numerous community-based initiatives and continues to play a key role in program design, team leadership, and strategic partnerships.

Faith Mutheu

Co-Founder
Secretary General, Livelihood & Food Security Lead

Faith is a seasoned Livelihood and Food Security Specialist with extensive experience in designing and implementing sustainable community development programs.

Passionate about building resilient communities, she has led innovative initiatives that empower vulnerable populations to improve their food security, diversify income sources, and adapt to climate-related challenges. Her approach is rooted in community participation, ensuring local ownership and long-term impact.

Gabriel Kitali

Co-Founder
Clean Energy & Climate Action Coordinator

Gabriel leads Angaza's environmental sustainability initiatives, with expertise in renewable energy, eco-briquette fabrication, and clean cookstove distribution.

With a background in technical innovation and community energy solutions, Gabriel has trained dozens of youth and artisans to design, produce, and scale clean energy solutions tailored to local contexts.

THE TEAM

Mercy Jimmy
Princess Project Lead

Mercy is a mental health advocate with a background in psychosocial support and trauma-informed care. She coordinates Angaza's Project Princess.

Her work focuses on breaking stigma and creating healing-centered community systems for mental wellbeing.

Joy Rebizule (Zedai)
Art, Creative Expression & Talent Development Lead

Zedai leads Angaza Impact Africa's work in arts, creative expression, talent development and mentorship, creating opportunities for children and young people to discover their abilities, build confidence and express themselves.
She supports creative programs, school and community engagements, mentorship initiatives and content creation, while helping emerging creatives access platforms, skills, networks and opportunities to grow.

Melvin Kimingichi
German Language Programs Lead

Melvin is a German language expert who leads Angaza Impact Africa's Language Center Project, with a particular focus on the German Language Program delivered in partnership with Kitui Multipurpose Training Institute.

She supports young people in Kitui County to learn German and develop language skills that can strengthen their confidence

Eutichas Kyungu
Queen Bee Project Mentor

He is the lead and community mentor for the Angaza Queen Bee Project.

Through training and mentorship, he supports participants in understanding the different opportunities within the beekeeping value chain, from responsible hive management and bee-venom harvesting to exploring the potential of products such as honey, beeswax, propolis, and other hive-derived products.

THE TEAM

David (Sirdee)
Art & Creative Expression Partner

David is an amazing and talented artist who has gone from being one of our members to being a member and also a partner. He leads and has led our art and creative expression program through his company (Mizizi art studios).

We have worked with and in partnership with him on Talking Walls project.

You
Come As You Are...

We believe that everyone has a purpose in this universe. We came together to build onto what everyone in our team has to offer. We are happiest when everyone achieves their goal.

AIA ANGAZA IMPACT AFRICA

LOOKING AHEAD

Angaza aims to expand across Eastern Kenya with scalable models for:

- Clean energy adoption
- Project Princess
- Angaza Queen Bee Project
- Smart food systems
- Women and youth entrepreneurship
- Community-based mental health
- Rural education hubs

We are also exploring partnerships to expand language education, digital learning, and climate adaptation initiatives.
